| Course Information | Class No. | 18010 | Course Code | DIS2005 | Credits | 3 |
| | Course Name | International Relations | | | | |
| | Lecture Schedule | Tue-Fri/ 09:00~12:00 | | | | |
| | Course Description | <p>This course offers an overview of the theoretical and empirical discussion on International Relations. This course will construct the foundation of scholarly and policy analysis on the current issues of IR</p> <p>The topics covered will help a student have a fair amount of methodological and theoretical training. We will cover a range of topics – mainstream and major IR schools, regimes, non-state actors, international organization, war and peace, and nuclear proliferation.</p> | | | | |
| | Course Objective | <p>This course is considered a gateway course for all other international relations classes and a fundamental element of the undergraduate.</p> <p>The aim is for students to begin to learn the literature in the field and the intellectual issues and debates. In each class, there will be two sections.</p> <p>1) There will be a lecture section. In this section, the lecturer provides his own analysis on the given readings and explanation for the issues. Readings will be provided.(90mins)</p> <p>2) A second section will be a there will be group discussion section + individual presentation (about 60 minutes). In this section, all of the students will discuss the given topics. Then, volunteers will summarize their groups' idea. (25 mins). Presenters will gain a participation (contribution to class) point.</p> | | | | |
